UNIVERSITY OF KYRENIA

About Us

University of Kyrenia, established in 2013, is one of the fastest growing universities in Cyprus with its;

- Student-centered innovative and participatory learning approach;
- Faculties of Medicine and Dentistry provide well-rounded education having all the benefits of the university's hospital and dental hospital, which are equipped with latest technology infrastructure, medical laboratories and imaging equipments;
- Professional Pilot Training Department under Faculty of Aviation and Space Sciences provides practical training with the Flight Simulation Training Device and the University's two training planes;
- Faculties, Academy and Vocational School programs specialized in Maritime and Maritime Management subjects provides training with advanced ship simulation rooms, two training and research vessels;
- Programs tailored to meet the international quality level of public and private sectors;
- Working with the best in class academic and administrative staff;
- Opportunity to access and use resources, infrastructure and 30 years of industry experience of sister university - Near East University (NEU);
- Modern campus situated along the seashore, at a safe location and near the city center;

University of Kyrenia has total of 49 programs with 14 faculties, 1 academy, 2 vocational schools and 1 school of applied sciences. All programs are approved by YODAK / YOK. Medium of instruction is both in English and Turkish.

Vision

To be a leading, respected educational and research institution that creates difference with its quality and to provide interdisciplinary training with a student-centered and participatory approach that respects diversity.

Mission

To educate critical and innovative research focused scholars who create knowledge, value and appreciate ethical and moral values with a sense of social responsibility, through our international educational infrastructure.

Quality Management

Our programs are approved by local and international authorities and regular inspections are carried out.

The majority of the University's Maritime programs are implemented in full compliance with the regulations and standards laid down by the International Maritime Organization (IMO) and the Ministry of Transport, Maritime Affairs and Communication of the Republic of Turkey.

University of Kyrenia Flight Training Organisation (FTO) is approved by the Turkish Civilian Aviation Authority (TCAA) Directorate of General Civilian Aviation (DGCA), with the certification number 'TR-FTO (A)-32'. Inspections, as part of the quality assurance process, are carried out by the DGCA and Internal Quality Management Team in accordance with International Civil Aviation Organization (ICAO) and European Aviation Safety Agency (EASA) regulations and requirements.
