"I arrived in Cyprus in 2005 and completed both a bachelor's and master's program in Banking and Finance (currently named Finance and Banking) in 2010 as a high honor student. During my master's program, I was given the opportunity to work as a teaching assistant and as Banking and Finance master's program coordinator. It was an enlightening experience as I realized that I liked teaching and doing research.

EMU is not only a place for good education, but also an environment of rich life experience – learning how to live in a community surrounded by international friends. The academic staff was not only good at teaching, but also good counselors. Even after more than a decade since I graduated from EMU, they are always available and happy to help.

After returning to Albania, I worked a few years as an instructor in universities, teaching, doing research, and at the same time being part of NGO's. Later, I worked in the government for 7 years first as Economic Advisor to the Minister of Economic Development, then as Director of the European Integration and Project in the same ministry, and later in the Ministry of Tourism and Environment. Presently, I am working as an Expert on Competitiveness at the Regional Cooperation Council.

If I were asked to choose a university again, I would with no doubt choose the same program at Eastern Mediterranean University."

"EMU has taught me many things but the most important lesson that has stayed with me is the realization of the beauty of diversity, being able to see and interact with seeing people from all many different cultural backgrounds, religions, and ethnicities. Making friendships from all over the world for in the past two years made me realize that as humans we are much more similar than we are different. It has taught me the essence of humanity."

"I first heard about the exchange program by chance when I came across with an Eastern Illinois student, I met just as I was returning from studying abroad in İzmir, Turkey. I knew I wanted to come to Eastern Mediterranean University from then on, because I love the Turkish language, history and culture. I decided to do a research project while I was studying here. And so, I wrote an undergraduate thesis on the connection between my two favorite subjects (and my double majors) foreign language and international relations. While gathering data for my thesis and attending my classes on campus, I had a chance to meet so many incredible people and learn so much about the fascinating history of this island. I really appreciate the EMU Student Exchange Office for giving me these opportunities."

BEYOND EMU

"Being very diverse, open minded & socially outgoing, my student exchange to Eastern Illinois University in Charleston, Illinois (USA) is definitely the most memorable experience in my undergraduate studies. Not only did I learn new management contexts from a different world perspective with passionate professors, I got the chance to meet, connect & network with various industry professionals hence building a solid background necessary for my career in international business in addition to quenching my thirst of travelling states like Massachusetts, Minneapo-

lis, Chicago... you name it! I am very thankful for EMU's Student Exchange Office's impeccable guidance & support before, during and after my exchange semester as they cared about how I fared & were always a text away regarding anything I brought to their attention. Forever grateful for the once in a lifetime opportunity to represent my school internationally & would most definitely do it again!!"

CITY OF FAMAGUSTA

[Turkish: Mağusa or Gazimağusa]

It is an ancient city, with the Romans, Byzantines, Assyrians, Frankish, Venetians and Ottomans once calling it as home. The old city of Famagusta is famous for the Gothic monuments and surrounded with historic city walls which is a lovely place for sightseeing and entertainment. British Colonials expanded the modern city along the seaside and it became a harbor city, commercial center and tourist resort. Currently, Famagusta as a university city supports student life with safety and comfortable.
